

TOUPRET ELAFIB (paste)

1 - IDENTIFICATION OF THE PRODUCT AND THE COMPANY

Name of the product :	TOUPRET ELAFIB
Normal use :	Ready-mixed filler for moving cracks
Company name and address :	TOUPRET SA 24 rue du 14 juillet 91813 Corbeil-Essonnes Cedex (France)
Telephone :	+ 33 1 69 47 20 20
Fax :	+ 33 1 60 75 87 11

2 - COMPOSITION AND INFORMATION ON INGREDIENTS

Description :	Product made of water-based dispersion of acrylic copolymer, fillers and additives.
Dangerous components :	This product does not contain any component presenting a risk according to Directive 67/548/CEE.

3 – HAZARDS IDENTIFICATION

Main dangers:	None.
Harmful effect on health :	None.
Hazards for environment :	None.
Physical and chemical dangers :	Does not present any particular danger in normal use. This product is not classified as a dangerous substance according to EEC criteria.

4 - FIRST AID MEASURES

After inhalation :	Not specifically concerned (aqueous product).
After contact with the skin :	Wash with soapy water.
After contact with the eyes :	Rinse immediately with water keeping the eyelids opened for at least 10 minutes. If irritation persists, consult an ophthalmologist.
After ingestion :	In case of accidental ingestion, consult a doctor. Do not make throw up.

5 - FIRE FIGHTING MEASURES

Extinguishing methods:	All extinguishing methods are possible : water spray, foam, powders.
Specific dangers:	Pyrolyse decomposition products : CO / CO2.

6 – ACCIDENTAL RELEASE MEASURES

Personal precautions :	None.
Environmental protection measures :	No particular measures are required.
Cleaning/recovery methods :	Collect the maximum of the product. Do not discharge the product in sewers. For residues disposal, refer to section 13.

7 - HANDLING AND STORAGE

General information :	No particular measures required.
Handling	
Precautions to be taken during handling :	None.
Prevention of fire and explosions :	None.
Storage	
Storage conditions :	No particular measures required.
- Recommended :	To maintain the quality and properties of the product, keep :
	- the container firmly closed,
	- protected from frost,
	- at a temperature not exceeding 30 °C
- Unsuitable :	Possible development of a bacterial contamination in case of prolonged storage and / or storage in a container which has not been cleaned or closed properly.
Packaging materials :	Original ones.

8 - EXPOSURE CONTROLS / PERSONAL PROTECTION

Components with threshold values to be monitored at each workstation :	None.
General health and safety measures :	Do not eat or drink during handling.
Personal protection :	No particular measure required.
Respiratory protection :	Wearing a mask when sanding is recommended.
Hand protection :	Wearing gloves is recommended.
Eye protection :	Wearing goggles is recommended.

9 - PHYSICAL AND CHEMICAL PROPERTIES

Form :	Paste – ready to use
Colour :	White-grey
pH :	9 (in paste form)
Freezing :	Approximately 0 °C
Boiling :	100 °C
Flash point :	Not concerned (aqueous product)
Explosion risk :	Not concerned
Bulk density :	1.6
Solubility in water :	dispersible (in all proportions)

10 - STABILITY AND REACTIVITY

Stability :	Stable at ambient temperature and in normal use conditions.
Dangerous reactions :	None in normal conditions of storage.
Dangerous decomposition products :	None in normal conditions of storage.

11 - TOXICOLOGICAL INFORMATION

Acute toxicity :	
Primary irritation effect :	
-skin :	No irritation effects known.
-eyes :	No irritating effects known.
Sensitization :	No sensitization effect known.

12 - ECOLOGICAL INFORMATION

General information :	Do not discharge in sewers. No effects on environment to fear when the product is used according to current directives.
-----------------------	---

13 - DISPOSAL CONSIDERATIONS

Product :	
Prohibitions :	Collect and take to an authorized dumping. Respect the local current regulations.
Disposal :	Incineration at an approved installation.
Packaging :	Incineration. Do not incinerate sealed containers.

14 - TRANSPORT INFORMATION

This product has not been classified according to regulations land transport RID / ADR, maritime transport IMDG, air transport ICAO / IATA.

15 - REGULATORY INFORMATION

This product is not labelled as a dangerous substance according to Directive on hazardous materials 1999/45/CE.

16 - FURTHER INFORMATION

Recommended uses (for more details, please refer to the technical data sheet) :

Users' conditions of work not being known to us, the information given in the present safety data sheet is based on the our present knowledge and on both national and EC regulations.

This sheet completes the technical instructions for use, but does not replace them. The information it contains is based on our present knowledge relating to the product concerned, on the date indicated and are given in good faith. Moreover, users' attention is drawn to possible risks incurred when a product is used for other purposes than those for which it is designed.

It does not, in any case, exempt the user from knowing and applying all texts governing his activity. It is his responsibility, and his alone, to take all necessary precautions linked to the use he makes of the product.

The information given in the present sheet should be considered to be a description of the safety requirements relating to our products and not as a range of the properties of this.

The user is not in any way dispensed from finding out and implementing all the texts governing its activity. The user will be solely responsible for taking all the necessary precautions associated with the use he makes of the product.

The information given in this leaflet must be considered as a description of the safety requirements relating to our product, and not as a range of the product's properties.
