

TOUPRET LE REBOUCHEUR (powder)**1 - IDENTIFICATION OF THE PRODUCT AND THE COMPANY**

Name of the product : **TOUPRET LE REBOUCHEUR**
Normal use : **Filler**
Company name and address : **TOUPRET SA**
24 rue du 14 juillet
91813 Corbeil-Essonnes Cedex (France)
Telephone : **+ 33 1 69 47 20 20**
Fax : **+ 33 1 60 75 87 11**

2 - COMPOSITION AND INFORMATION ON INGREDIENTS

Description : Product made of binders, mineral fillers and additives

Dangerous components presenting a risk according to Dangerous Directives 67/548/CEE :

Names	EEC number	CAS number	Concentration	Symbol	R Phrases (*)
5-chloro-2methyl-2H- isothiazol-3-one & 2-methyl- 2H- isothiazol-3-one	613-167-00-5	55965-84-9	< 15 ppm	Xi	R 23/24/25 - R 34 - R43 - R 50/53

3 – HAZARDS IDENTIFICATION

Main dangers: None.
Harmful effect on health : None
Physical and chemical dangers : Does not present any particular danger in normal use.
This product is not classified as a dangerous substance according to Directive 1999/45/CE.

4 - FIRST AID MEASURES

After inhalation : Not specifically concerned. Take the patient out into open air and make him expectorate. If symptoms persist, consult a doctor.

After contact with the skin : The product is not irritating for the skin. Wash with water to get rid of the substance.

After contact with the eyes : Rinse immediately with water keeping the eyelids opened in order to get rid of the substance. If irritation persists, consult an ophthalmologist.

After ingestion : In case of accidental ingestion, consult a doctor.

5 - FIRE FIGHTING MEASURES

Once applied and dry, the product is non-flammable (M.O. class)

Extinguishing methods: In case of fire the product doesn't spontaneously ignite.
All extinguishing methods are possible.

Specific dangers: Not concerned.

Important information : In case of massive storage of the product, avoid slippery floor by using water because this could make the rescue impossible.

6 – ACCIDENTAL RELEASE MEASURES

Personal precautions :	None.
Environmental protection measures :	No particular measures are required.
Cleaning/recovery methods :	Collect the maximum of the product sweeping or by aspiration. Do not discharge the product in sewers. Avoid cleaning the floor with water, it could make it slippery

7 - HANDLING AND STORAGE

Handling	
Precautions to be taken during handling :	Avoid powder scattering.
Prevention of fire and explosions :	No particular measures are required.
Storage	
Instructions concerning ordinary storage :	Store in a dry and ventilated place, this would be the guarantee of the quality and the properties of the product.

8 - EXPOSURE CONTROLS / PERSONAL PROTECTION

Components with threshold values to be monitored at each workstation :	This product does not contain any components with threshold values to be monitored. However health and safety regulations at work specify that inhaled air dust average concentrations estimated on a period of 8 hours must not go over 10 and 5 mg/m ³ of air.
Personal protection :	No particular measure required
Respiratory protection :	Not concerned
Hand protection :	Not concerned
Eye protection :	Not concerned

9 - PHYSICAL AND CHEMICAL PROPERTIES

Form :	powder
Colour :	White
pH :	7-8 when prepared as a paste
Freezing :	Not applicable
Boiling :	Not applicable
Flash point :	Not applicable
Explosion risk :	The product is not explosive.
Bulk density :	approximately 1
Solubility in water :	dispersible and partially soluble
Humidity rate :	inferior to 5 %

10 - STABILITY AND REACTIVITY

Stability :	Stable at ambient temperature and in normal use conditions
Thermal decomposition :	No decomposition below 100° C
Dangerous reactions :	None
Dangerous decomposition products :	None

11 - TOXICOLOGICAL INFORMATION

Acute toxicity :	
Primary irritation effect :	
-skin :	No irritation effects known.
-eyes :	Irritant effect.
Sensitization :	No sensitization effect known.

12 - ECOLOGICAL INFORMATION

General information :	No water polluting effect known.
-----------------------	----------------------------------

13 - DISPOSAL CONSIDERATIONS

Product :	
Prohibitions :	Do not discharge the product in sewers or waterways.
Disposal :	Discharge with rubbish.
Packaging :	Recyclable. Disposal in accordance with legal regulations.

14 - TRANSPORT INFORMATION

This product has not been classified according to regulations land transport RID / ADR, maritime transport IMDG, air transport ICAO / IATA.

Special conditions applying to transport:	Carry the product in the car outside of water and completely dry.
---	---

15 - REGULATORY INFORMATION

This product is not labelled as a dangerous substance according to Directive on hazardous materials 1999/45/CE.

16 - FURTHER INFORMATION

Recommended uses (for more details, please refer to the technical data sheet) :

Users' conditions of work not being known to us, the information given in the present safety data sheet is based on the our present knowledge and on both national and EC regulations.

This sheet completes the technical instructions for use, but does not replace them. The information it contains is based on our present knowledge relating to the product concerned, on the date indicated and are given in good faith. Moreover, users' attention is drawn to possible risks incurred when a product is used for other purposes than those for which it is designed.

It does not, in any case, exempt the user from knowing and applying all texts governing his activity. It is his responsibility, and his alone, to take all necessary precautions linked to the use he makes of the product.

The information given in the present sheet should be considered to be a description of the safety requirements relating to our products and not as a range of the properties of this.

The user is not in any way dispensed from finding out and implementing all the texts governing its activity. The user will be solely responsible for taking all the necessary precautions associated with the use he makes of the product.

The information given in this leaflet must be considered as a description of the safety requirements relating to our product, and not as a range of the product's properties.

(*) : The listed risk phrases (R phrases) refer to section 2 :

R 23/24/25 : Toxic by inhalation, in contact with skin and if swallowed.

R 34 : Causes burns

R43 : May cause sensitization by skin contact.

R 50/53 : Very toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment.
